64-bit Java for Windows
Recommended Version 8 Update 281 (filesize: 79.68 MB)
Release date January 19, 2021

⚠️ **Important Oracle Java License Update**

The Oracle Java License has changed for releases starting April 16, 2019.

The new Oracle Technology Network License Agreement for Oracle Java SE is substantially different from prior Oracle Java licenses. The new license permits certain uses, such as personal use and development use, at no cost -- but other uses authorized under prior Oracle Java licenses may no longer be available. Please review the terms carefully before downloading and using this product. An FAQ is available here.

Commercial license and support is available with a low cost Java SE Subscription.

Oracle also provides the latest OpenJDK release under the open source GPL License at jdk.java.net.

⚠️ We have detected you are using Google Chrome and might be unable to use the Java plugin from this browser. Starting with Version 42 (released April 2015), Chrome has disabled the standard way in which browsers support plugins. More info

Agree and Start Free Download

Click the **Agree and Start Free Download** button to download the installation file. Install the downloaded folder.

2. https://drive.google.com/file/d/1tLjrK5b-oUZZI8myto9r4IEvBatEgmLR/view?usp=sharing

Download the zip folder and extract all the folders.

Kindly follow these steps and install the required software before attending the workshop.

Regards.
